Address: Delhi

Portfolio: [Nidhi Kandpal](#)

Motivated Full Stack MERN Developer (Fresher) with hands-on experience in building real-world web applications using React, Next.js, Node.js, Express, and MongoDB. Strong foundation in Data Structures & Algorithms, RESTful APIs, JWT authentication, and responsive UI development, with a passion for writing clean and efficient code.

SKILLS

Languages: JavaScript (ES6+), TypeScript

Frontend: HTML5, CSS3, React.js, Next.js, Redux, React Hooks, React Router, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL, SQLite

State Management: Redux

Testing & Debugging: Postman, API Testing, Debugging

Cloud & DevOps (Basic): Git, GitHub

Core Concepts: MERN Stack Architecture, MVC Pattern, Middleware, REST Principles, Better Auth.

INTERNSHIP
EXPERIENCE

myCbseGuide | Oct – present

Full Stack MERN Developer Intern

- Worked as a Full Stack Developer Intern, contributing to the development of a social media platform with user posts, likes, comments, and follow features.
- Assisted in building and integrating RESTful APIs using Node.js and Express, with MongoDB for data modeling and storage.
- Implemented authentication and protected routes to ensure secure user access and session management.
- Collaborated on frontend development using React Hooks, Redux, and Tailwind CSS to build responsive UI components.
- Debugged, tested, and optimized application features, improving performance and ensuring smooth real-time user interactions.

PROJECTS

InstaDev – Instagram-Like Social Media Platform

Technologies: MERN (MongoDB, Express.js, React.js, Node.js), Redux / Context API, Tailwind CSS

- Developed a full-stack Instagram-like social media platform with features for posting, liking, commenting, following users, and personalized feeds.
- Built a scalable RESTful backend using Node.js, Express, and MongoDB, implementing JWT-based authentication, protected routes, and role-based access control.
- Implemented image uploads and real-time chat and notifications using WebSockets with instant UI updates.
- Designed a fully responsive frontend using React Hooks, Redux / Context API, and Tailwind CSS for efficient state management.
- Enabled user search, profile management, and dynamic feed rendering to deliver a seamless social media experience.

EDUCATION

Indira Gandhi National Open University(IGNOU) | Delhi | 2026-2028 (Pursuing)

Master of Computer Applications

Graphic Era Hill University | 2022-2025 (8.5 CGPA)

Bachelor of Computer Applications

CERTIFICATES

UDEMY React – The Complete Guide (including Hooks, React Router, Redux)
